INFORMATION DISCLOSURE STATEMENT

Sir:

Applicants transmit herewith a PTO form SB/08A listing one reference, a product brochure from Jenoptik, a projector company.

Request for additional time under 37 C.F.R. sec. 1.97(f)

Applicant submitted an information disclosure statement on July 9, 2004, reporting all references in the file of attorney for applicant. The brochure here supplied was inadvertently not included in that IDS, as it was obtained and used solely to prepare the drawings for this application that included a projector. The brochure was now discovered in

the file on a post-allowance review.

37 C.F.R. sec. 1.97(f) provides that “[i]f a bona fide attempt is made to comply with § 1.98, but part of the required content is inadvertently omitted, additional time may be given to enable full compliance.”

Attorney for applicant did make a bona fide attempt to submit all publications in his file, and the present document was not supplied inadvertently. Attorney for applicant therefore respectfully requests under 37 C.F.R. sec. 1.97(f) such additional time as necessary to allow consideration of the document transmitted herewith and its entry on the record.

If a fee is necessary for consideration of the reference at the point, please deduct it from deposit account 501659.

The enclosed document

The Jenoptik brochure does not appear especially relevant to the present application, but applicant wishes to take all actions possible to establish beyond any doubt that it has completely satisfied its duty of disclosure.

This document is probably not prior art in this case, as it appears to bear a publication date of June 2003, which is after February 2, 2003, the critical date for the present application.

Even if it were prior art, the document appears to be wholly cumulative with the other references already cited, and adds nothing of significance to their disclosures.

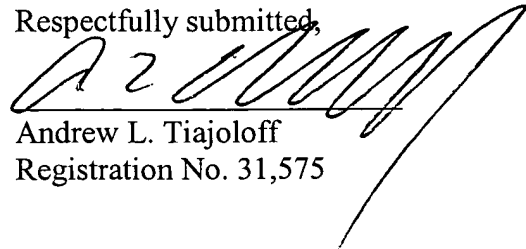

If the reference cannot be considered on the record, applicant respectfully requests that this correspondence be placed in the file under 37 C.F.R. sec. 1.97(i).

Should any questions arise, the U.S. Patent and Trademark Office is invited to telephone the undersigned attorney for applicant at 212-490-3285.
